

# **flowers, fleurs, flores, fiore, blume, blomst**

I LOVE spring. I love the rapid growth that occurs. Grass is lush. Young tree branches shoot up whilst you watch, and as for runner beans.... they cant wait to grow. Off to do two gardening jobs. Instant switch off from COVID, 5G, the state of the world. The day started cold and cloudy but at about 10.30 he sun came out and the day heated up. So much for the BBC forecast.
