

# **I am rich beyond my wildest dreams – not**

Dear owner

*I am Mr. James Dee, Head Officer-in-Charge, Administrative Service Inspection Unit United Nations Inspection Agency in Hartsfield-Jackson International Airport Atlanta, Georgia. During our investigation, I discovered an abandoned shipment through a Diplomat which was transferred from JF Kennedy Airport to our facility here in Atlanta, and when scanned it revealed an undisclosed sum of money in 2 Metal Trunk Boxes weighing approximately 110kg each. By my assessment, each of the boxes contains about \$4M or more.*

*The consignment was abandoned because the Content was not properly declared by the consignee as money rather it was declared as personal effect/classified document to either avoid diversion by the Shipping Agent or confiscation by the relevant authorities. The diplomat's inability to pay for Non Inspection fees among other things are the reason why the consignment is delayed and abandoned.*

*As I did say again, the Diplomat abandoned it and ran away most importantly because he gave a false declaration, he could not pay for the yellow tag, he could not secure a valid non inspection document(s), etc. I am ready to assist you in any way I can for you to get back this packages provided you will also give me something out of it (financial gratification). You are to reconfirm your full name and address to to enable us start the process for the release and delivery.*

Best Regards,

Mr. James Dee

Head Officer-in-Charge

Administrative Service Inspection Unit

This must be the third such item I have received in the past few days. It is so obviously a fake / fraud yet still people fall for it. What happens is that people are asked 'fees' for the release of certain documents, or 'administration fees'. These demands will accumulate until the sucker has parted with hundreds of \$\$\$\$. When the mark eventually smells a rat, the lines will go dead; the money given in trust will be long gone. To do this is part of the Nigerian culture. They route communications through other countries to disguise their origin but these '419' scams come from the same place. **Read more here.**

The 'news' gets worse and worse. Biden starting the means to aggression and war, escalating damage from vaccines, the threat of lockdowns continuing. On the other hand the fellowship between myself and other awakened souls gets better and better. We only have each other.

Our companion visitor for the weekend left us this morning. It is good to have company. It brings a different atmosphere with more dimensions. A couple signed up for a plot on our allotments. They were looking forward to meeting new friends. The Government social isolation policy has a lot to answer for. It affects everyone, children included, and we will be paying the price for a long time to come.
